ROCKEFELLER AFTER UTE INDIANS

Two Squadrons of Second Cavalry Ordered to Thunder Butte, S. D.

A PRECAUTIONARY MEASURE.

Gettysburg, S. D., Will be Base of Supplies for Operations if Trouble Breaks Out.

Utes Are Guests of Sioux and Feared Some of Young Braves of Latter Might Offer Aid.

Omaha, Nov. 4.—Orders were received at army headquarters in Omaha last Saturday to dispatch the remaining two squadrons of the Second United States Cavalry, composed of eight companies, to Thunder Butte, S. D., at the earliest possible moment. The command left Fort Des Moines last night. Company M, Sixteenth Cavalry, under command of Capt. Harry P. Danton will leave Fort Crook Tuesday or Wednesday for Gettysburg, S. D., to take charge of the base of supplies which has been established there for the operations against the Ute Indians should they make any trouble. The Sioux tribes are being transferred from Gettysburg to Cheyenne River agency, 18 miles west of Gettysburg on the west side of the Missouri river.

Company K, Sixteenth Cavalry, left Fort Crook Sunday afternoon to go to Gettysburg. The Sioux tribes are being transferred from Gettysburg to Cheyenne River agency, 18 miles west of Gettysburg on the west side of the Missouri river. The Ute Indians are being held at Thunder Butte, S. D., and the first of the Second Cavalry are now at Thunder Butte.

Col. West is an old-time Indian fighter and is said to be thoroughly competent to handle the situation in whatever phase it may develop. It is possible that the base of operations may be transferred from Gettysburg to Cheyenne River agency, 18 miles west of Gettysburg on the west side of the Missouri river.

The general financial situation was still tense today, but the banks and trust companies felt confident that conditions were well under control. The raising of the Bank of England discount rate to 6 per cent was not unexpected by those familiar with conditions in Europe. The fact that there is considerable pressure for capital in Europe, it is felt that this is an advantage in the state of the trade balance.

Crops are short in Europe and wheat is being sold at a premium. The price of wheat is 70 cents against the present price of \$1.07, while American steel rails are selling at the record price of \$30 per ton. These forces, which are the fact that the first half of the year showed an excess of exports of \$189,000,000 as compared with a balance the other way in 1903 of \$63,000,000, created a situation where it will be difficult for the European banks to hold their gold even by high discount rates.

Reports from Buffalo and other points indicate that the blockade in the movement of crops is being broken down so that many hundreds of carloads soon will be on ship board in New York, against which bills can be drawn on European money markets.

It was announced today that arrangements have been made by what may be possible for the Twelfth Ward bank, which closed its doors several days ago to reopen next Monday. Many depositors went to the bank today, at the request of the officials, who asked them to sign an agreement to the effect that on all big deposits the bank will add 75 or 100 per cent of the amount would be left on deposit for a period of four months.

In a statement given out this afternoon, Frank T. Lincoln, president of the Lincoln Trust company, said:

"This has been the greatest fight in the history of the financial world. The trustees have decided to continue the fight."

At 11:30 Isaac N. Seligman speaking at the Lincoln Trust company, said:

"The directors of the Lincoln Trust company are now in conference considering several plans of action. The company will not be able to meet its obligations until the situation is cleared up. It is best to do under present circumstances."

FIVE PERSONS KILLED IN HEAD-ON COLLISION.

Little Rock, Ark., Nov. 4.—Five persons were killed and a sixth injured in a head-on collision between a north-bound passenger train and a south-bound freight train here today.

JAPANESE STUDENT.

Savannah Board of Education Decides To Dismiss George Yugami.

Savannah, Ga., Nov. 4.—The board of education has decided to dismiss George Yugami, a Japanese boy who was admitted to the night school two weeks ago.

Yugami was admitted during the absence from the school of Sgt. Ashmore. When the latter learned of it he pointed out that it was a breaking of the racial line which could not be done in the school. Mr. Ashmore's conduct has been accepted by the board of education and the Japanese boy will be dismissed.

Yugami will be dismissed on the ground that he is over the school age, which will prevent the matter becoming an international issue.

WESTON AHEAD OF SCHEDULE.

Hartford, Conn., Nov. 4.—Edward Payson Weston, who is walking from Portland, Me., to Chicago, arrived here at 5 o'clock this morning from Andover, Conn., and headed for New Britain. Weston was ahead of his schedule.

HAMBURG BANK SUSPENDS.

Hamburg, Nov. 4.—The banking and brokerage firm of F. L. Appenberg suspended business today owing to the losses sustained through customers. The firm, which also did an export and import business, enjoyed high standing in financial circles.

ABRUZZI NOT ENGAGED.

Turin, Nov. 3.—The Duke of Abruzzi denied the report that he had engaged to be married to Miss Katherine Elkins, daughter of Senator Stephen B. Elkins. He is reported to be most annoyed at the prevalence of this rumor.

ORMOND BEACH MEET.

Radical Change to be Made in Program of Coming One.

New York, Nov. 4.—A radical change is to be made in the program for the coming Ormond Beach meet in Florida, and the mile or two-mile record sprints will be more or less abandoned. The race for the beach course will be changed to a mile and a half, and the other for the stock cars will be changed to a mile and a half.

Land loops will be constructed at Ormond Beach, and the continued engagements of the bank are expected to be a success.

It is considered, however, in financial circles to be the natural outcome of the unfavorable New York statement. When the Bank of England's rate was raised to 5 1/2 per cent, Oct. 31, it was thought that the position in the United States was clearing up.

The fact that the Bank of England's rate of discount was raised to 6 per cent on Wednesday and \$10,000,000 on Friday. This will go at once into bank reserve, where the engagements have been made by the bank. The raising of the Bank of England discount rate to 6 per cent was not unexpected by those familiar with conditions in Europe.

The fact that there is considerable pressure for capital in Europe, it is felt that this is an advantage in the state of the trade balance.

Crops are short in Europe and wheat is being sold at a premium. The price of wheat is 70 cents against the present price of \$1.07, while American steel rails are selling at the record price of \$30 per ton.

These forces, which are the fact that the first half of the year showed an excess of exports of \$189,000,000 as compared with a balance the other way in 1903 of \$63,000,000, created a situation where it will be difficult for the European banks to hold their gold even by high discount rates.

Reports from Buffalo and other points indicate that the blockade in the movement of crops is being broken down so that many hundreds of carloads soon will be on ship board in New York, against which bills can be drawn on European money markets.

It was announced today that arrangements have been made by what may be possible for the Twelfth Ward bank, which closed its doors several days ago to reopen next Monday.

Many depositors went to the bank today, at the request of the officials, who asked them to sign an agreement to the effect that on all big deposits the bank will add 75 or 100 per cent of the amount would be left on deposit for a period of four months.

In a statement given out this afternoon, Frank T. Lincoln, president of the Lincoln Trust company, said:

"This has been the greatest fight in the history of the financial world. The trustees have decided to continue the fight."

At 11:30 Isaac N. Seligman speaking at the Lincoln Trust company, said:

"The directors of the Lincoln Trust company are now in conference considering several plans of action. The company will not be able to meet its obligations until the situation is cleared up. It is best to do under present circumstances."

FIVE PERSONS KILLED IN HEAD-ON COLLISION.

TRUST CO. OF AMERICA REOPENS

Following Conference at Home of J. P. Morgan Concerning General Financial Situation.

LINCOLN TRUST COMPANY.

Brought Distinct Feeling of Relief—Very Few People in Line to Withdraw Money.

New York, Nov. 4.—The Trust Company of America and the Lincoln Trust company opened for business as usual at 10 o'clock this morning. This followed conference Saturday and yesterday at the home of J. P. Morgan concerning the general financial condition and the desirability of relieving the heavy strain by runs on these two trust companies during the past 10 days.

When the Trust Company of America opened this morning 35 people were in line, a considerable diminution in the number on hand during the earlier days of the run. The opening of both institutions brought a distinct feeling of relief as it was taken as an indication that the conferences had last night exerted beneficial effects.

During the conferences the boards of directors of the two trust companies were in session, while a number of financiers were assembled at Mr. Morgan's house, both bodies being in touch with each other. A committee of experts appointed on Saturday had gone over the affairs of the Trust Company of America and had pronounced it solvent.

At the stock exchange stocks showed early declines followed by a rally and then a falling off of prices.

CHICAGO BANKS.

Federation of Labor Almost Unanimously Voted its Confidence in Them.

Chicago, Nov. 4.—By almost unanimous vote the Chicago Federation of Labor yesterday voted its confidence in the Chicago banks.

The Chicago Federation of Labor yesterday voted its confidence in the Chicago banks. The Chicago Federation of Labor yesterday voted its confidence in the Chicago banks.

ISAAC SURATT DEAD.

His Body Will be Buried Beside His Mother's in Washington.

Baltimore, Nov. 3.—Isaac Suratt, who was shot in the assassination of President Lincoln, died today, aged 66 years. The body will be buried in Washington beside that of his mother.

PRESIDENT CONSULTS WITH GARY AND HIPPIES.

Washington, Nov. 4.—E. H. Gary, chairman of the United States Steel corporation and Henry Phipps were in consultation with President Roosevelt for more than an hour today, the conference being participated in also by Sec. Root. While no details are obtainable, it is understood that the meeting related solely to the financial situation.

ELECTION IN PHILIPPINES.

Expected That 200,000 Voters Will Go To Polls Tomorrow.

Manila, Nov. 4.—Registration for the general election is the greatest in the history of the Philippines. It is expected that fully 200,000 voters will go to the polls and cast their ballots tomorrow when governors, members of the provincial boards and members of the Philippine assembly will be elected.

CASSIE CHADWICK'S DEPOSITION IS OPENED.

Pittsburgh, Nov. 4.—The deposition of the late Cassie L. Chadwick, made in connection with Mrs. Jutte against Messrs. Hoffert and Friend, president and vice president of the Pullman Steel company, charged with conspiracy, was opened today by Chief Justice Mitchell of the Pennsylvania supreme court sitting here.

Effort has been made by counsel for Hoffert and Friend to keep the deposition sealed.

A NASHVILLE TRAGEDY.

Well Known Young Man Kills a Well Known Physician.

Nashville, Tenn., Nov. 4.—West Nashville, a suburb, was thrown into great excitement yesterday when Dr. McE. Allen, a prominent physician, was shot and killed just as he was preparing to step into an automobile, by Thomas S. Bush, a well known young man of the suburb. Allen and Bush had been close friends for a long time and the tragedy, therefore, caused all sorts of conjectures. Bush is reported to have talked over with Allen and said: "I hate to do it, but I am going to kill you."

He then fired the fatal shot. Bush declares to talk and so do the friends of Allen.

ALFRED WHITEMAN DEAD.

Lawrence, Kan., Nov. 4.—Alfred Whiteman, one of the executors of the estate of the late L. H. Perkins, died of heart disease at his home here last night. He was a prominent Mason and was the original of Laurie in Louisa May's novel "Little Lord."

HAS MORGAN GOT UNIFORM PAGE?

Reported That Line Has Been Bought for Nineteen Million.

E. H. HARRIMAN SAYS "BAH!"

Price Named in Story Declared Ridiculously Small—Rockefeller Supposed to be Part Buyer.

The report that Morgan and associates have acquired control of the Union Pacific for \$19,400,000 is not given much credence in this city. Railroad men, business men and others well qualified to discuss railroad matters, no matter how big, ridicule the story and like E. H. Harriman, when asked if it was true he has said out, laugh and brand the story as absurd. Wall street firms in its declared belief of the story, explaining that Rockefeller and Morgan are working together and having any amount of money available are buying the Railroad Croesus out quietly. What is the story in the minds of local followers of affairs is the sum named.

PRICE, TOO SMALL.

"Control of the Union Pacific for \$19,400,000" pook-pooked one of the wise. "Why that's no price for the road in its present prosperity. Why over ten times that sum was paid for the Burlington when there was a real panic state of affairs prevalent. I doubt if a cent less than \$200,000,000 would do anything in this instance."

TRANSFER "VERY MYSTERIOUS."

The story comes from New York that 200,000 shares of Union Pacific stock were transferred for the sum named. This represents a cost of \$97 per share. U. P. common has been quoted around \$108, preferred at 78. A market report for Nov. 1 showed something over 18,000 shares of common were exchanged, the quotations for the day being 100, 107 1/2, 108. The rumored transfer is described as being "very mysterious." The stock is supposed to have been delivered in its entirety, paid for in cash and immediately transferred to working with the Morgan-Rockefeller crowd.

GUESSES ARE FREE.

William Rockefeller, a brother of John D. Rockefeller, visited a brokerage house of New York a few days ago. Shortly after the report of the sale spread, John D. Rockefeller broke from his brother some time ago and is understood to be working with the Morgan-Rockefeller crowd. These are the facts coming from New York. Guesses are free to everyone; everybody is guessing. The developments of the past few days will either disprove or confirm the rumor, which if true is a story of wonderful railroad changes.

GOLD FROM EUROPE.

New York, Nov. 4.—The Seaboard National bank announced today that it had procured \$350,000 in gold from Europe.

Heidelberg, Ickelheimer & Co. also announced today the engagement of \$1,000,000 in gold and Lazard Freres engaged an additional \$1,500,000 for export. This makes the total engagements for the movement \$32,500,000.

TWO ARRESTS FOR ILLEGAL REGISTRATION.

Bulletin: 2:30 p. m.—The first war-burglar charged with illegal registration was sworn to by Deputy Sheriff Steele this afternoon. The necessary papers were drawn up at the instigation of Purley Jones, chief of the city police, and the warrants served on Eugene Whalen of 247 South Main street and Ivy Hallman of Keyser's court.

DO YOU WANT SHEETS?

Will in All Probability be Chief of "Americans" Win.

If rumor is true, George A. Sheets will in all probability be the chief of detectives, in case an "American" party majority is returned tomorrow. He will secure the position as a "vindication" offered to him by the "American" party chiefs in consideration for a bit of work the "American" party is just now very anxious to have done.

This work has to do with the getting of votes and the voting of them after they are secured. Sheets has had much experience in this line, just as Jake Raleigh has, and Sheets therefore has an asset in his favor which he can offer to whoever he will deal with him for it. Kearns dealt with him in times past. Now the successors of Kearns are making a deal. So rumor says.

Therefore, George A. Sheets, awaiting trial for conspiracy to rob tourists while chief of police, is said to be out working "for the American" party.

Tom Pitt, chief of police by grace of the "American" inner circle, was asked today to state frankly whether or not he would name Sheets. He evaded answering the question at this time, he said. "What I shall do will be for the best interests of the public."

Sheets is a well known, and all the incidents connected with his career as a reputed profit sharer in graft games, are so well known that Chief Pitt should have known instantly what to answer, as he would have known if asked whether he would appoint Donaldson chief of detectives, and yet it was only two short years ago that Donaldson was the chief candidate for this position under Chief Sheets.

WHITE HOUSE CONFERENCE.

President in Consultation With Root, Gary and Frick.

Washington, Nov. 4.—President Roosevelt conferred for nearly two hours today with Secy. Root, E. H. Gary, chairman of the United States Steel corporation, and Henry C. Frick, also of that corporation. The only statement obtainable at the White House was to the effect that the conference dealt solely with the financial situation. It was said that the president contemplated no direct statement at this time.

BRAKES WOULDN'T WORK.

Structure Got Away, One Man Killed, Dozen People Hurt.

San Francisco, Nov. 4.—A street car accident this morning caused the death of Pietro Dellamain, a passenger, and the injury of about a dozen others.

RIFLES WILL END MURDERER'S LIFE

Anthony T. Day is Sentenced to Be Shot for Killing Voss.

FRIDAY, THE THIRTEENTH.

Hannigan's Day Falls on Date That of All is Most Dreaded by Superstitious Negroes.

Friday, the 13th of December, five rifles will crack and Anthony T. Day will pay the law's penalty for having killed a human being in cold blood. Such was the sentence pronounced by Judge George G. Armstrong in the criminal court of the Third judicial district this morning when the negro murderer of Horace H. Voss, until his death at the hand of Day, a respected member of the negro population of this city and a figure in municipal politics stood before the bar of justice and elected the method by which his life should be taken.

Those present in court seemed to realize that the life of a man was about to be declared forfeited by legal proceedings. The court room was still and what words were spoken were whispered. The silence was broken by the order from the bench to the prisoner. He stood before the court and the announcement was made in due form that the time was arrived when sentence should again be passed on the head of the murderer.

PRISONER EJECTS SHOOTING.

The customary question was put to the prisoner as to the method of death he would elect. Under the law it might be either hanging or shooting. He chose to rest with the convict, Anthony T. Day stood before the court with one arm resting on the desk before his honor. When the question was asked him, he answered in one word, "shoot."

The court then taking account of the prisoner's choice, sentenced him to be shot on Friday, the 13th day of December.

Day was convicted on Feb. 8 of this year of murder in the first degree. He killed Horace H. Voss, a respectable negro, in Franklin avenue in this city a short time before. A quarrel preceded the shooting, which occurred in a house next door to the one in which Voss lived in the avenue. Day fled down the street, the wife of the slain and many other negroes and whites pursuing him. He fired as he fled, but finally stopped near a corner of Main street—two blocks from the scene of the tragedy.

ANGRY MOB WOULD KILL.

It was with difficulty that the police restrained the angry mob which had pursued him. They wanted to kill him. There was murder in the eyes of every negro in the mob—anger and a threatening attitude. They did not see him removed, but they soon learned of the trick that had been played upon them. Then the officers had the murderer taken to the state prison to await his hearing before a committing magistrate.

HEARING WAS UNUSUAL.

Day had his hearing in the police court and the scene was an unusual one. A crowd of negroes and white spectators and additional bailiffs were stationed all about the room to prevent trouble or to quell any disturbance which might arise. Walls from women pursued the proceedings, and the hearing was most difficult. At the conclusion of the hearing Day was bound over for trial.

After his conviction in the criminal court of the Third district, by his attorney he moved for a new trial and lost. He was sentenced to be shot on April 13 and his death warrant was issued that day. The case was taken to the supreme court and the remittitur from that tribunal was filed with the court Oct. 26.

BELIEVES IN HUSBAND.

Mrs. Gordie Denies That He Eloped With Miss McLean.

Chicago, Nov. 4.—The Tribune today says:

Unwilling to believe her husband, under arrest here, is guilty of plotting with Miss Rita M. McLean, a wealthy woman, to defraud the city of Chicago, the Tribune today says that Mrs. Gordie, wife of the man charged with plotting to defraud the city, is a woman of the country, and draft a bill that will provide the nation with an elastic currency," said James B. Forgan, president of the First National bank yesterday.

Mr. Forgan said he did not think much of the plan to call an extraordinary session of Congress as that body is to meet in regular session four weeks from today.

ALDERMAN PLEADS GUILTY.

St. Louis, Nov. 4.—Councillman Geo. C. Lind, recently indicted by the grand jury on a charge of malfeasance in office, pleading guilty to the charge that he was guilty of a contract by his firm for cleaning the house of delegates chamber at a cost of \$1,685 to the city, pleaded guilty in the court of criminal correction today, and was fined \$500. The penalty was the maximum for the offense.

Lind resigned his seat in the city council last Friday, soon after his indictment.

BERLIN PRICES WEAK.

Berlin, Nov. 4.—Prices on the bourse opened very weak upon the failure of F. Appenberg at Hamburg and fell away all morning. The advance in the discount rate of the Bank of England, which weakened apprehensions of a similar advance in its discount. The decline in prices were heavy in the case of American securities.

NBODY WANTS A STRIKE.

New York, Nov. 4.—John Lodge, M. P. one of the fraternal delegates from the British trade union congress to the convention of the American Federation of Labor which meets on Nov. 11, does not believe there will be a railroad strike in England. He said:

"The men don't want a strike; the railroad companies don't want a strike and the government is determined that there shall be no strike. The public is opposed to a strike and Richard, the leader of the railroad is hiding time until parliament meets, when it is said that the government will convene a tribunal for the prevention of such strikes in future."

TO GET THE VOICES NOW THE PROBLEM

Three Political Chairmen Are Claiming Everything in Sight as Usual.

BUT THEY CANNOT ALL WIN.

Still Each Party is Hopeful of What the Morrow Will Bring Forth.

Darmer Avers That There Has Been No Bitterness During the Present Political Campaign.

Three political chairmen and City Recorder J. B. Moreton are busy today preparing for tomorrow's election. The chairmen represent political parties, each striving for supremacy in the voting totals and City Recorder Moreton represents the power of the civic organization, which is responsible for the polling places, the machines used in registering the vote and the proper counting of them. The last of the machines was set up this morning. Materials for the use of election judges will be distributed by this evening.

At all party headquarters today the work of securing votes has been abandoned. Effort is now concentrated on getting them counted tomorrow and in this task it is the quiet work with committees and not the speeches of fiery spellbinders that counts. Each chairman is busy with his own party.

Newsmen, in confidence in the perfect organization he has succeeded in getting ready for tomorrow and it is declared by each that the full party vote will be got to the polls.

NO DEMONSTRATIONS.

Tonight no rallies are scheduled, and no demonstrations of any kind will mark the closing hours of the campaign. Saturday night's Republican rally at Russell's hall on Market street closed the series.

"American" party rallies are recorded in their books, eight Republican, and one Democratic, with a long series of meetings at Democratic headquarters that were more in the nature of conferences with the party workers than public demonstrations, to make up for the absence of regulation rallies.

One feature of the campaign has been the absence of any general rallies down town. A peculiar condition made this necessary. Years ago most of the city's theatricians were furnished at the Salt Lake Theater, and even this had many vacant nights. A few of which were available for November rallies. This year, however, the Salt Lake Theater has had no open dates.

The Grand has failed to find a vacant evening for the use of the politicians. Hence the lack of big rallies. Chairman Darmer gave this reason today for the lack of "American" party rallies down town, and declared that he hoped the town would soon support an auditorium where such meetings may be held.

TAKE YOUR CHOICE.

When asked today for a statement on what they consider to be tomorrow's outlook, the various chairmen of political parties expressed themselves as follows:

Republican Chairman Devine—We are well satisfied with the Republican campaign. It has cost less than any campaign for a city election previously waged, but I think its results are sure to be more satisfactory. We have secured many vacant nights, and there is nothing in the bargain so prominently held in the limelight by the "American" party, and we have converted many voters who have not been restored in Salt Lake by the election of the Republican ticket at this election. We will elect out ticket tomorrow to bottom with the next majority of councilman candidates in the Fifth precinct.

SNOW FEELS FINE.

Democratic Chairman Ashby Snow—Morris sentiment is altogether too strong for it to be switched by any trickery, or fooled by any false rumors. Morris will be the next mayor of Salt Lake, and it can't be prevented with sentiment standing as it does. He is the only one of the candidates qualified to handle the city government with the problems the city is now facing. Our campaign has been an earnest one, and the organization that will be prepared to get the best for Morris tomorrow will be the best that we have ever had together, working for a cause in which each member of it believes. We have not had an expensive campaign, night volunteer workers have more than made up for the lack of hired workers, and they can be counted on to do their full duty tomorrow.

DARMER'S LITTLE JOKE.

"American" Chairman J. E. Darmer—"The most remarkable thing about this campaign to elect a mayor is the bitterness in it. I have noticed this especially. We are all through with our campaign. The votes are registered in sufficient to elect Morris by a large majority, and all we have to do is to get them out. This we shall certainly do, and our campaign will be in evidence in every district. I have hopes for the countinable ticket as well as the general ticket in nearly every precinct, despite the fusion movement."

END OF THE AGONY AT 9 P. M.

Tomorrow evening a feature of the campaign may be in evidence that is unprecedented. This will be the Main street unregulated parade of citizens. Salt Lake is growing rapidly, according to many signs and symbols, and as most of the people of any city manage to get down town for a few hours on election night, Salt Lake may expect more of them tomorrow night than ever before in the city's history. The returns should not be late coming in, with the voting machine totals to assist in making them up. By 9 o'clock it should be known who has won, if not by what exact margin.

MINERS STRIKE.

Danville, Ill. Nov. 4.—Four thousand miners have gone on strike on account of financial conditions.
